Value-added international mail services

Value can be added to basic international mail services by buying additional value-added services.

Various value-added service options

Value-added options include express delivery, registration, insurance and advice-of-delivery (AR). As these add-on services are not available to some countries or for some categories of mail, enquiries should be made at Post Office branches to find out if they are available in each case. Insured and registered items must be posted at Post Office counters and not in street post-boxes.

International reply coupons

The international reply coupon service enables customers to pre-pay the postage on a reply from a correspondent abroad. Coupons sent abroad may be exchanged for one or more postage stamps representing the minimum postage to be pre-paid on an air-mail letter. The coupons cost R13,15 and are available at Post Office branches.

Registration

Letters and small packets may be registered but not insured in the international mail service.

CUSTOMS AND EXCHANGE CONTROL

Exchange control regulations

Exchange control regulations apply equally to postal items as they do to other exports. Generally, items worth more than R1 000,00 require specific export documents to be completed.

Article/contents category	Customs documentation
Letters and small parcels	
Letters not containing merchandise, aérograms, greeting cards and postcards	No customs documentation is required.
Small parcels weighing up to 2 kg with contents worth less than R2 000	Attach a fully completed CN22 green customs sticker.
Parcels up to 2 kg with contents worth more than R2 000	Attach customs forms appropriate to the country of destination. Consult the list overleaf.
Large parcels	
All large parcels	CN23, CP71 or PP4 as required for individual destinations. Consult the list overleaf.
Direct publisher's bags (M bags)	
Up to R2 000	Attach a fully completed CN22 sticker.
More than R2 000	Attach CN22 and CN23 or PP4 as required by individual destinations.

Pay a Bill

Account payments at Post Office outlets

Looking for a convenient way to pay your accounts?

The South African Post Office has developed Pay a Bill, a facility that allows you to pay your accounts at nearly 2 600 outlets countrywide. The convenient locations and extended hours lead, quite logically, to more timely account payments.

Clients may pay their monthly accounts such as Telkom, SABC, Eskom, Consumer Credit and Heritage. Municipalities such as Ethekwini Municipality, City of Johannesburg, City of Tshwane, City of Cape Town and Nelson Mandela Metropole (PE) are just some of the municipal accounts that can be paid at Post Office counters. Clients can identify which accounts can be paid at a post office by checking for a Post Office logo on the statement or enquiring at their nearest post office.

How does Pay a Bill work?

By utilising the latest computer technology, post offices record the transactions and forward them electronically to these organisations daily. The client's funds are electronically transferred into the company's bank account on transfer of the receipt data.

What are the benefits of Pay a Bill?

- You can pay your account at any post office in the country, regardless of where it was paid the previous month.
- Extended business hours include after-hours service at all Postpoints.
- You can pay more than one account with a single cheque at any outlet, saving time, trouble and money.
- You don't have to wait in queues. Simply place your account statements, accompanied by a cheque, in the cheque box in the post office and you can relax in the knowledge that it will be processed within 12 hours.
- You will soon be able to pay your Pay a Bill accounts on the Internet.
